Integrated Management System
P-001 – Safety, Health, Environment & Quality (SHEQ) Policy

*SPP Pumps LTD will avoid harm to people, society and the environment while providing quality products and services to our customers.*

Our Principles:

- Safety, Health, Quality and care for the Environment are fundamental principles of our business.
- The safety and health of our colleagues, customers, interested parties and communities in which we do business are our number one priority.
- Visible leadership and personal accountability for SHEQ activities at all levels of the business.

Our Vision:

- High quality, safe and environmentally responsible products and services that meet or exceed customer expectations.
- Zero accidents across all business units.

Our Commitment:

- Integrate SHEQ into all business processes and measure SHEQ performance in line with SHEQ objectives to achieve continuous, sustainable improvements and to manage risks.
- Safe, secure and healthy working conditions for those that work with us and for us to prevent ill-health and work related injuries.
- Manage SHEQ through an effective risk-based integrated management system that is process orientated, considers best practice, aids the elimination of hazards and enables SPP Pumps LTD to meet or exceed customer expectations.
- Compliance with all applicable legal, regulatory, industry and corporate approvals and requirements, including ISO certifications, applicable H&S requirements and Environmental impacts and activity obligations.
- Promote SHEQ awareness with all internal & external stakeholders through open communication, consultation, training and advising and provide the resource to fulfil this commitment.
- Operate our facilities and equipment in a safe, secure, efficient and environmentally responsible manner including the prevention of pollution and sustainable resource use.
- Actively seek participation from and consultation with workers and worker’s representatives to promote and enforce compliance with SHEQ requirements.

This policy is integral to the SPP Pumps LTD business strategy and is reviewed annually by the management team.
